African elephants tend to be larger and live longer. If you don't live close enough to drop off meals, meal delivery services are another option to help out mom and dad in those first months.Ä Ä MORE FROM LIFE123.COM The calf's life. A group of elephants is usually called a herd. The average calf is about 3 feet tall and weighs around 120 pounds. Meal trains are a great way to provide the new parents with a steady supply of meals while ensuring they don't end up with a freezer full of casserole and no fresh fruits or veggies. Ask them if they need anything from the store when you're there, or offer to make a grocery trip for them. Helping them check a few items off of their to-do list accomplishes exactly that. If you see a sink full of dishes, go ahead and take care of them. Purchasing a year of a diaper service is another way to help out new parents. parents.
