The magical world of COSMOTE TV follows you everywhere via the COSMOTE TV GO service, since the use of the service is possible with every available network, wherever you are! Now you can watch your favourite programs - in every place you are, via the 3G/4G network of any provider, via any WiFi- as well as within the European Union countries The access to the COSMOTE TV GO service is possible from one device from now on. In order to upgrade your watching experience to another level and to gain more flexibility, you can activate the extra devices pack to watch content on two (2) devices at the same time and you are able to register COSMOTE TV GO on a total of three devices. Learn more and activate the extra devices pack in a GERMANOS or COSMOTE store, or by calling 13888 or via My COSMOTE. Registration of a device is automatic when you log in for the first time to the application with your account credentials using the particular device. You can change/replace one device every thirty (30) days. In order to change a device, you need to login to the new device with the account credentials of the administrator account (i.e. your main account) and select the device you want to replace. If you are a COSMOTE TV GO service subscriber you can:- Find the complete program guide of all the COSMOTE TV channels in order to find the weekly schedule at any moment. You can find the program of the COSMOTE TV channels in the "Program" menu and by selecting the button "COSMOTE TV". - Watch selected channels according to your subscribed pack. - Watch in COSMOTE REPLAY TV selected past programs of the major Greek free to air and COSMOTE SPORT, COSMOTE CINEMA and other channels in the COSMOTE REPLAY TV menu. - Rewind and Pause Live TV programs of selected channels. - Enjoy a rich collection of movies and series from the COSMOTE CINEMA channels as well as documentaries and programs of COSMOTE HISTORY, at no additional charge (provided that the COSMOTE CINEMA & COSMOTE HISTORY channels are included in your subscription pack) in the COSMOTE TV PLUS category. - Gain access to the on demand service of National Geographic+ with top documentaries and high quality programs (provided that it is included in your subscription) - Set remotely a recording to your set top box at home via the COSMOTE TV GO service, if you have a hybrid set-top-box with a hard disk (PVR) (this functionality is only available to COSMOTE TV subscribers). - Set Reminders in order not to miss any show. - Be notified for "News and Contests" and see "Recommendations" of the COSMOTE TV program. - Create more users/profiles under your account and grant certain access rights for them. For more information about the activation and the access to the service you can visit . Supported devices: Android: 4.4.x or later. Screen Resolution 800x480, 854x480 or higher. For security reasons and in order to protect the rights of the content partners, COSMOTE TV GO is not supported on any device where limitations included within the device operating system have been removed or tampered with (aka "Rooting"). COSMOTE TV GO app may not be working for you due to some issues that your device may have or your internet connection problem. If you think that COSMOTE TV GO app has an issue, please post your issue using the comment box below and someone from our community may help you. Also in the mean time you can try the fixes mentioned below. The new COSMOTE TV OTT service upgrades your TV viewing experience with new features that reveal the unsurpassed content of COSMOTE TV. In the new COSMOTE TV app you will easily find the program that you want to watch on your home page! Create personal profiles for all the family that are formed based on the usage and adjust the menu of each profile. Create a kid profile with a specially configured, easier menu and set the content that you would like your kid to watch. Unique recommendations for everyone will make you forget searching the channels and the On Demand services since the COSMOTE TV app unifies them bringing the best for you, whether it is a live program, Replay TV or COSMOTE TV Plus! Watch all your favorite programs wherever you are, over the 3G/4G networks of any provider, via any WiFi as well as within the E.U. Download your favorite content and watch it even without internet connection! The feature is available -depending on the subscription package- for movies and series via the free on demand content of COSMOTE TV or via the movie rental service, Movies Club. More information about acquiring and accessing the service in devices: Android version 5.1 and after. For content rights protection reasons, COSMOTE TV service cannot be used on devices where limitations included within the device operating system have been removed or tampered with (aka "Rooting"). What is COSMOTE TV mobile app? The new COSMOTE TV OTT service upgrades your TV viewing experience with new features that reveal the unsurpassed content of COSMOTE TV. In the new COSMOTE TV app you will easily find the program that you want to watch on your home page! Create personal profiles for all the family that are formed based on the usage and adjust the menu of each profile. COSMOTE TV is a Entertainment app by COSMOTE. It has an average of 3 stars on the appstore and has been rated by over 9 people over it's lifetime. The latest version of the app is version 1.9.0 and it was updated on the Android Play Store about 5 months ago. Is the COSMOTE TV app free? The cost of the app is \$0.00 Is COSMOTE TV available on Android? You can get COSMOTE TV on android through the BatkarApk Store. We also show you great COSMOTE TV alternatives if you are not content with our available apk versions COSMOTE TV for Android Screenshots Download and install COSMOTE TV APK on Android In order to have a smooth experience, it is important to know how to use the APK or Apk MOD file once you have downloaded it on your device. APK files are the raw files of an Android app similar to how .exe is for Windows. The APK means Android Package Kit (APK for short). It is the package file format used by the Android operating system for distribution and installation of mobile apps. How do I set up COSMOTE TV? In 4 Simple Steps, I will show you how to use COSMOTE TV.apk app on your Phone once you are done downloading it: Step 1: Download the COSMOTE TV.apk on your device You can do this right now, by using any of our download mirrors below. Its 99% guaranteed to work . If you download the apk on a computer, make sure to move it to your android device. Step 2: Allow Third Party apps on your device. To install the COSMOTE TV.apk, you must make sure that third party apps are currently enabled as an installation source. Just Go to Menu > Settings > Security > and check Unknown Sources to allow your phone to install apps from sources other than the Google Play Store. On Android 8.0 Oreo, rather than check a global setting to allow installation from unknown sources, you will be prompted to allow your browser or file manager to install APKs the first time you attempt to do so. Step 3: Goto Your File manager or browser location You will now need to locate the COSMOTE TV.apk file you just downloaded. If you prefer, you can also download a file manager app here so you can easily find files on your Android device. Once you have located the COSMOTE TV.apk file, click it and it will start the normal installation process. Tap "Yes" when prompted for anything. However, be sure to read all on-screen prompts. Step 4: Enjoy COSMOTE TV is now installed on your device. Enjoy! Are APK Files Safe? Disregard any rumors or a site that says otherwise. APK files are generally as safe as an .exe windows pc file hence, the most important thing to note is that you should always download it from trusted sites. You generally do not have anything to worry about as we have provided some of the safest sites in our Apk download mirrors below. Thank you for reading this tutorial. Download your app below! COSMOTE TV v1.9.0 APK Download Mirrors Whats new in COSMOTE TV v1.9.0 Release date: 2022-03-17 Current version: 1.9.0 File size: 64.61 MB Developer: COSMOTE Compatibility: Requires iOS 11.0 or later, or Android KitKat 4.4, Lollipop 5.0, Marshmallow 6.0, Nougat 7.0, Oreo 8.0, Android Pie 9.0, Quince Tart 10, Red velvet cake 11, Snow cone 12 or later versions The new COSMOTE TV OTT service upgrades your TV viewing experience with new features that reveal the unsurpassed content of COSMOTE TV. In the new COSMOTE TV app you will easily find the program that you want to watch on your home page! Create personal profiles for all the family that are formed based on the usage and adjust the menu of each profile. Create a kid profile with a specially configured, easier menu and set the content that you would like your kid to watch. Unique recommendations for everyone will make you forget searching the channels and the On Demand services since the COSMOTE TV app unifies them bringing the best for you, whether it is a live program, Replay TV or COSMOTE TV Plus! Watch all your favorite programs wherever you are, over the 3G/4G networks of any provider, via any WiFi as well as within the E.U. Supported devices: iOS version 12 and after For content rights protection reasons, COSMOTE TV service cannot be used on devices where limitations included within the device operating system have been removed or tampered with (aka "Jailbreaking"). Apk Mirror 1: Download APK COSMOTE TV Reviews crashes 90% of the time Junk app that crashes almost all the time after entering the pin... This happens for the last 2 years!!!! Nice app My one question is why I cannot update the main profile avatar? I cannot remove or edit it like I can any of the other profiles 4k Why 4k sport not supported on iOS devices, is not on program list. Great quality Much better quality of UI especially compared to COSMOTE TV GO, would really appreciate widescreen landscape support for iPhone X and later.
